2. Sudden Service - Samtec is recognized as the service leader in the connector industry. Samtec has been ranked #1 for the 9th year in a row by [Bishop & Associates](#)' "Customer Survey of the Electronic Connector Industry".

Here's why:

- Samples shipped via Air within 24 hours of request
- Popular connectors shipped within one to three days
- Virtually anything in our catalog shipped in five days
- 24 hour turnaround on quote requests
- Buy Option pricing reduces cost

- Flex Pricing features automatic price discounts for select customers

3. Personal Information - Samtec's Personal Information Network provides design and order status information with:

- **Samtec Sudden Information** - you are looking at it now!
- **Service Center** - in this special place on our web site, find out almost anything you need to know about your orders with us . . . past, present and future, including pricing and quote inquiry.
- **Custom Products** - design your modified connectors on-line using our new redline program and view all your project information in one unique location on our website.
